

He hana me ka Leialoha o ke Akua mau loa

Building with God's everlasting lei of love

What is the Carpenter's Club?

If I were a carpenter

But, maybe you're not. Because you can't hammer a nail, does that mean that you can't build a home? Absolutely not! You can still join the Carpenter's Club and become a crucial part of the construction of each Habitat home. Carpenter club members make a pledge to donate monthly, quarterly, or yearly for a minimum of one year. And in doing so, you will be helping Habitat to fulfill its mission of providing decent, affordable homes for deserving families. You do not have to be an experienced builder to be a "Carpenter" for Habitat. Support for our homes comes from many different people in our community. Some swing a hammer, some encourage our volunteers, some provide the financial resources to make it all possible.

It costs Kauai Habitat for Humanity approximately \$65,000 to \$85,000 to build a home on Kauai which averages \$65.00 a square foot. We are looking for "Carpenters" or units (individuals, organizations, churches) willing to give a minimum of \$15.00 monthly, quarterly or yearly. As a member you could "build" a number of square feet on a home each year.

\$15 a month could buy two movie tickets a month

...or a front door and three boxes of nails over a year's time!

\$25 a month could buy a nice dinner out each month

...or a bath/shower enclosure and a sink in a year!

Your continuing gift of at least \$15.00, combined with the gifts of the other "Carpenters" will provide a decent, affordable place to live for a family needing our partnership. As a Carpenter Club Member, 100% of your donation will be used toward defraying the necessary costs associated with building a new home for a deserving family. This is an easy way YOU can be an integral, ongoing part of our ministry.

Kauai Carpenter Club members will receive Kauai Habitat for Humanity's newsletter and are invited to home dedications and others special events.

Kaua`i Habitat for Humanity's Carpenters Club
